## LOCAL CREDIT IS SWEEPING THE PROVINCE

### Candidates of Various Parties Fire Last Shots In Campaign At Rallies Held Grande Prairie

The last few days were notable days in Grande Prairie for the reason that three of the candidates at rallies fired their last shots in the campaign so far as the town is concerned.

The large attendance at the rallies and the attentive hearing given the various speakers indicated the deep interest the electorate are taking in the issues before the province.

The election, which takes place today, Thursday, August 22, is the most memorable in the history of the province. Four major parties are asking to be returned to power—Conservative, Social Credit, Liberals, and U.F.A.

In this constituency the Conservative party is represented by Jack McKenzie, social credit by Wm. Sharpe, Liberal by W. J. Thomson, and the U. F. A. by the Hon. Hugh Allen, all excellent candidates and citizens.

The Conservative platform was dealt with at rally held at the Elks Hall Saturday night. General O'Brien was the principal speaker, followed by the Hon. J. G. McEwen, Jack McKenzie, A. R. McKinnon, and the Hon. C. F. Hopkins.

The U. F. A. held a mass meeting in the Capitol Theatre on Sunday night, at which Hon. Hugh Allen, the candidate, discussed at length the issues before the people of the province. The meeting was addressed also by C. F. Hopkins, G. F. Powell, and the Hon. C. F. Hopkins.

The Liberal campaign was held at the Elks hall on Wednesday night for their final get-together rally. W. J. Thomson, the Liberal standard bearer, Mr. L. J. O'Brien, J. F. McEwen, and C. W. Frederik were the principal speakers.

### Fire Fighters Stage Successful Picnic At Bear Lake

Upwards of sixty attended the Grande Prairie firemen's annual picnic, held at Bear Lake on Sunday. Softball, target shooting and horse shoe pitching furnished the principal sports during the afternoon.

In the target shooting some remarkable scores were made, bullseyes being common.

In the boys' shoot Lloyd Miller was first and Hebble Shields second. David Smith and Bob Miller tied for third place.

In the ladies' shoot Mrs. Jurney was first, Mrs. Muesse second, and Mrs. Redmond third.

In the girls' shoot Johnnie Shields won first, Jack Smith second, and Tom Muesse third.

Tom Muesse was custodian of the lemonade and ice cream and no kid was refused no matter how often he ate or drank.

Alvin Smith had charge of the cannon and made a mighty good job of it. Jack Martin supervised the shooting and Chester Miller was referee in the barnyard golf.

Two lunches or—to be more exact—meals were served. One at 2 and the other at 6:30. The wonderful supplies were supplied by the ladies.

Boxing exhibitions, in which men, boys and women took part, added to the fun.

The occasion was graced by the presence of Mr. Henry Roberts.

The afternoon proved most enjoyable and the annual event registered just another success.

### Bezanson Defeats Grande Prairie Ball Tossers 8-2

On Wednesday evening Gordon Trill's ball tossers were taken into camp by the Ball-Tossing Bezanson team at Bezanson by a score of 8 to 2 in a seven-inning game.

The score by innings: Grande Prairie 0, 0, 0, 0, 0, 0, 0, 0, 0. Bezanson 2, 0, 0, 0, 0, 0, 0, 0, 0.

Bezanson: Clyde Norton, Lloyd Smith, Carl Pluh, Ted Smith, Earl McLaughlin, Allan Lewis, E. Peterson, Jack Oze and Edwin Farris.

Grande Prairie: M. Fisher, S. Armstrong, B. Crumney, H. Ireland, B. Crumney, Swanson, Val Taylor, Parlinson and Michael Roberts.

Following the game the visitors were guests at a luncheon.

Had Very Difficult Trip Along Slave Lake With Trucks

Jack Watson arrived recently from Edmonton with two new V-8 Ford trucks.

In conversation with The Tribune reporter Mr. Watson described the difficulties experienced at Slave Lake.

It was a tough trip, he remarked, but it managed to get through in perfect condition.

One of the trucks, a twin, has been delivered to Cecil Graham, and the other, a 19-ton, has been delivered to Gordon Orr.

### Take a Week To Make Trip From Athabasca to G.P.

Mr. and Mrs. A. J. Bergeron of Hella, arrived in Grande Prairie on Thursday from the coast en route home.

The journey out was made by car as far as Calgary, where they picked up their car and camped back. The trip was made primarily for Mr. Bergeron to attend the big Elks' convention held in Vancouver.

The Bergerons arrived in Athabasca a week ago last Friday and practically took a week in getting to Grande Prairie. The journey was simply terrible, and a heavy rain storm being transported on government snow.

Every now and again was being up were only a few of the many griefs they experienced in the return trip.

Mrs. Bergeron, in discussing their experience, said that the condition along Slave Lake "was simply terrible, that is the only way I can describe it."

"Right now I feel disgusted," was the way Mr. Bergeron gave vent to his feelings as he was washing his wind-shield preparatory to leaving for home.

He described the Elks' convention as a wonderful gathering at which several thousand Elks from all parts of the Dominion attended.

A boat trip to Bowen Island and up Slave Sound to Kamloops, and a big banquet and ball were among the many entertainments enjoyed.

Mr. Bergeron, who is D.O.G.E.R., represented the Peace River.

The Alberta Pacific Grain Company building a new elevator in Grande Prairie. The crumbing crew began work on the old elevator Saturday morning.

The new elevator will be built on the site of the old one, and will be finished in from five to six weeks time.

Discussing the new elevator with The Tribune reporter, Mr. Macdonald said the following to say:

"We found the old plant inadequate for this grade in which grades vary as we had not sufficient bins to handle the grades to the best advantage."

The new plant will have 22 bins, which should adequately meet the requirements of conditions here during every period of years.

"The equipment will be all of the latest model and service will be maintained up to date."

The superintendent further stated that the company is putting in a new elevator and a new engine at the plant, which will bring these two elevators also right up to date.

The company has seventeen elevators in the Peace River.

Warren O'Dell, the company's buyer in Grande Prairie, will have charge of the new elevator, which will have a capacity of 45,000 bushels.

The lumber is being supplied by the Frontier Lumber Company.

DeBolt Agric. Fair To Be Held On September 18th

The Stamped Will Not Be Held on This Date, as Reported in the Last Issue of The Tribune

The DeBolt Agricultural Fair will be held on Wednesday, September 18. According to the program of the society, George DeBolt, the county fair promises to have the largest exhibit since the society held its first fair four years ago.

The classified lists are being prepared by the Agricultural Society. Member of the society will be permitted to exhibit free, but non-members will be charged the sum of twenty-five cents.

A Field Day meet under the auspices of the Agricultural Society will be held on the same day on the sports grounds.

The field day will be held on this day, as was reported in the last issue of The Tribune.

SCHOOL OPENS SEPT. 3

In a few days pupils attending the school will be bringing out their books and preparing for another long grind.

All school opens on Tuesday, September 3.

### Mrs. E. Harrington Laid To Rest On Monday Last

St. Joseph's Catholic Church was filled with a sad assembly of friends and family on Monday last when the remains of Mrs. E. Harrington were laid to rest.

The large attendance and the numerous floral tributes bespoke the high esteem in which Mrs. Harrington was held throughout the Grande Prairie.

The beautiful lines of Gray's Elegy were partially applied when he quoted: "For them no more the blinding earth shall burn."

Reverend Father officiating, the congregation, building his remarks about the fact of the death of a wife, mother, and the acceptance of such a cross by those who see it through the eyes of faith in God.

### Summary

At 11:30 Thursday night—Social Credit elected 23, Liberals elected 17, Social Credit leading, 25, Liberals leading, 21, U. F. A. leading, 11, Conservatives leading, 1. Total 63 seats.

With the exception of Attorney-General Lynch, who is considered a fighting chance to be re-elected in Edmonton, the entire cabinet appears to be defeated.

The premier went down to defeat at Vermilion and Brownie, McPherson, Mack, McEwen, and Hoadley are among the fallen.

W. Howson, the Liberal leader, was elected by a substantial majority. It is impossible at this hour to state the full results of the election and it may be several days before all the returns are in. In many constituencies it will be necessary to go to a second count.

However, as it looks at the present time, Mr. Abernethy will be called upon to form the government.

According to late reports, Langley, the Social Credit candidate on the north side of the river, was leading by a large margin. In the south, Mr. E. J. Gifford, Liberal, in Grandview, defeated Mr. J. S. McKenzie, Social Credit, by a large margin.

Mr. J. S. McKenzie, Social Credit, was defeated by a large margin. Mr. J. S. McKenzie, Social Credit, was defeated by a large margin.

Mr. J. S. McKenzie, Social Credit, was defeated by a large margin. Mr. J. S. McKenzie, Social Credit, was defeated by a large margin.

### "Jock" McDonald Struck With Good Roads In Ontario

For Compton, Que., who was made Minister Without Portfolio in re-organized cabinet.

"Jock" McDonald of the East End arrived home recently from a trip to his old home at Langside, Bruce County, Ontario.

The trip was made primarily to see his mother, who is in her seventy-fourth year.

Asked about conditions in Ontario, "Jock" replied that they have the best country as against living in the Peace River.

One of the disappointing features of the trip, and the East End, was that almost all the orchards he saw in Ontario were dead, due to the severe winter of 1934.

Asked by The Tribune reporter if he noticed much change in Ontario since his last trip home in the winter of 1934, "Jock" answered that the principal change that struck him was the improvement in the sidewalks and highways.

The latter he found practically all of road, while the former were all well gravelled. This, he said, was the principal attraction of the trip.

"Jock" also said that he was very much impressed by the fact that in Ontario and I had many inquiries about the Peace River in reply to a question put to him.

"Reports," he said, "of the fact that the Peace River is a good country as against living in the Peace River."

"Jock" also said that he was very much impressed by the fact that in Ontario and I had many inquiries about the Peace River in reply to a question put to him.

### Wm. Sharpe, Social Credit Candidate, Leading at 11 p.m. With 16 Polls To Hear From

The race in the Grande Prairie constituency is very close between the Social Credit and Liberal candidates, with 16 polls to hear from the vote stood as follows:

W. Sharpe (Social Credit): 2334  
W. J. Thomson (Liberal): 2177  
Mon. H. W. Allen (U.F.A.): 1576  
J. S. McKenzie (Cons.): 423

As a majority must be declared, another count will be necessary in order to place the second count.

A heavy vote was cast at the Grande Prairie poll, 445 voting out of a possible near 1000. There were all spoiled ballots.

Many people came from adjoining districts to hear the returns in Grande Prairie, which were given out in the Elks Hall, a telephone key having been installed there, with George Crawford as operator.

## Interesting News From Sexsmith

Vol. III, No. 9

By R. A. MACLEOD

Aug. 19, 1935

### Canadian Legion Picnic Proved A Howling Success

Canadian Legion, Post No. 80 of Sexsmith pulled off their first picnic for the children of Sexsmith and district at the Hurst River on Sunday, August 18, and it was such a howling success that they have decided to make this an annual affair.

There was a large attendance of approximately 300, and although this was a strictly children's day, the older folks had just as good a time, with the possible exception that they did not get away with as much ice cream as the youngsters.

The weather was all that could be expected, and the town of Sexsmith was practically deserted.

In the afternoon a game of softball was played between the "Pickers" and the "Pickles," namely the single and the married men, respectively. The picnic married strife came away with the short end of the stick, there being 10 to 8 in favor of the "young singles" answer to prayer. Ed. Gernsey was the umpire, and Bill McNaughton kept the score, both married men, so there could be no kick on that score.

After supper some of the would-be Rudy Vallee got up and started to croon, and it speaks well for the good nature of the crowd that none of them were asked to leave.

About 8 o'clock the cars started to send their way homeward, and the children arrived at their homes about half later, tired, but well contented, one little fellow said, "Gee, that was a swell picnic, which in itself means those who went to the trouble to give them this good time. More power to them."

**LIBERAL ASSOCIATION DANCE WELL ATTENDED**

The Liberal Association put on a dance at the Grand Theatre, Sexsmith, last Friday night, which was well attended and at which everybody had a good time. All sorts of the district were well represented and the dance was kept up until 3 o'clock in the morning. Kirovsky's orchestra was in attendance.

**SEXSMITH PARTY TELL OF EXPERIENCE ON SLAVE LAKE**

Mr. A. L. Hayer, manager of the Alberta Pacific elevator at this point, with his family, returned by car on Sunday.

**STURGEON HEIGHTS**

(Received by Friday's Mail)

STURGEON HEIGHTS, Aug. 15.—A busy morning at the heights across the lake on the wings of a high nor'wester, greatly weighing down the grain crops and covering the garden. It is certainly unreasonable, to say the least, but perhaps the sun will clear the air and give us a fair September.

An interested crowd gathered at the schoolhouse last Saturday afternoon to hear Wm. Sharpe and J. O. Stewart on Sunday night.

D. M. Kennedy spoke Monday afternoon.

Dick and Clara Lewis and Keith Peterson left early Monday morning on their motor trip to Edmonton, Calgary and Banff. The show was fine and the boys left in high spirits, seated in Scramblers, their new Star racing automobile specially designed for this excursion.

Dave Harrington is working over his range on timber estimate work.

Last Sunday evening Lewises were visited by a number of friends, who included Henry Tiedke and the MacArthur boys, Albert, Jean and Jimmy. Music and refreshments were enjoyed. Mr. Tiedke giving very pleasingly several pieces of his own composition.

Albert, Jean and Jimmy Lewises are leaving shortly to motor to Hage to attend the wedding of their daughter Miss Helen, which takes place August 17. Our congratulations and best wishes go with them.

Fred and Jack Lewis made a trip to Delta, Friday on business.

Mr. Levinsky has returned from across the river and is living on his homestead.

We are glad Charlie Reed is around again after his unfortunate accident in breaking his collar bone. The injury was sustained while doing road work. Mr. Reed is now in charge of the road roller work.

Mr. John Gaulty is now in the district, living on the homestead with his family.

**MINISTER, WIFE AND BABY TO GO 3,500 MILES IN CARAVAN**

Under the above heading and a three-column picture of automobile with a trailer, the following appeared in the Standard, Montreal, August 19.

Mr. Delve is the pastor of the United Church at Sexsmith, in the Peace River District of Northern Alberta. Rev. W. F. R. Delve, junior, of Brockville, Ontario, moving now living in Toronto, will leave with his wife and baby son in his home-made caravan for his new charge, 3,500 miles away by road.

Mr. Delve and his wife were doing mission work in the Peace River area, and were called to Brockville to take over Lynd United Church.

Mr. Delve is a competent mechanic, carpenter, complete tool kit and doing all the necessary repairs to his car, and a keen amateur photographer.

The new charge is not a mission, but is a thriving and "civilized" one. Mr. Delve will also take charge of services in the hamlets of Morinville, Buffalo Lake and Peace Creek, a considerable proportion of the population consists of United States citizens, and a complete tool kit and doing all the necessary repairs to his car, and a keen amateur photographer.

## FLYING SHOT ITEMS

Received by Friday's Mail

### A REAL TIME AT PICNIC

FLYING SHOT, Aug. 15.—Flying shot held their picnic and dance last Thursday afternoon and evening. The weather, though a little windy, was very pleasant and everybody enjoyed the picnic. Many thanks were extended to the merchants of Grande Prairie who so kindly donated prizes for this affair.

The following are winners of prizes: Margaret Cad, cup and saucers and prize for straight races. Young ladies race, Miss Winnie Tinsington, two-pound box chocolates. Married men's race, Mrs. W. B. Bean, fruit bowl. Young men's race, one half mile, won by Mike Conley. Married men's 100-yard race, won by Billy Bean, 5-pound ball. Men's inside-out foot race, won by Jack Elliott. Carrotte lighting contest won by Mrs. Alice Cameron, both single and married. Betty Stuart and Gordon Conley, almond cream and socks. Young men's race, won by Billy Bean, 5-pound ball. Men's inside-out foot race, won by Jack Elliott. Carrotte lighting contest won by Mrs. Alice Cameron, both single and married. Betty Stuart and Gordon Conley, almond cream and socks.

### GOOD ATTENDANCE AT MASONIC CONVENTION HELD IN SEXSMITH

The district convention of the Masonic Lodge was held in Sexsmith last Tuesday. The lodge was well represented and a fairly large attendance. The convention was held in the Orange Hall, both afternoon and evening.

The Sexsmith Lodge tendered a banquet to the visiting members of the Weicker Hotel.

The Weicker Hotel is getting a new car. The contract was let to H. Björke of Grande Prairie.

### AN APPRECIATION

To the Editor of The Tribune:

I wish to express my appreciation to the Sexsmith Branch of the Canadian Legion for a wonderful afternoon at the new hotel of the Legion, last Sunday.

About three hundred people, old and young, thoroughly enjoyed themselves as guests of the Legion.

They seemed to be an unlimited supply of ice cream, all-day cakes and pinic, not only for the children but for the adults as well. Even the mothers enjoyed the pleasure of a picnic on a stick.

Here is a list of the Legion. Mr. and Mrs. JOHN MIEG, Sexsmith, Alta, Aug. 20, 1935.

### MINISTER, WIFE AND BABY TO GO 3,500 MILES IN CARAVAN

Under the above heading and a three-column picture of automobile with a trailer, the following appeared in the Standard, Montreal, August 19.

Mr. Delve is the pastor of the United Church at Sexsmith, in the Peace River District of Northern Alberta. Rev. W. F. R. Delve, junior, of Brockville, Ontario, moving now living in Toronto, will leave with his wife and baby son in his home-made caravan for his new charge, 3,500 miles away by road.

Mr. Delve and his wife were doing mission work in the Peace River area, and were called to Brockville to take over Lynd United Church.

Mr. Delve is a competent mechanic, carpenter, complete tool kit and doing all the necessary repairs to his car, and a keen amateur photographer.

The new charge is not a mission, but is a thriving and "civilized" one. Mr. Delve will also take charge of services in the hamlets of Morinville, Buffalo Lake and Peace Creek, a considerable proportion of the population consists of United States citizens, and a complete tool kit and doing all the necessary repairs to his car, and a keen amateur photographer.

The new charge is not a mission, but is a thriving and "civilized" one. Mr. Delve will also take charge of services in the hamlets of Morinville, Buffalo Lake and Peace Creek, a considerable proportion of the population consists of United States citizens, and a complete tool kit and doing all the necessary repairs to his car, and a keen amateur photographer.

## LAKE SASKATOON

Received by Friday's Mail

### LAKE SASKATOON, Aug. 20.—

On the 20th of this week our correspondent was unable to send in the news for one week.

### DEATH OF REV. MR. JAMES BRINGS REGRET

It was with deep regret that our community received the news of the death of the Rev. T. C. James, Mr. James, had endeavored the most to his many during his visits to his daughter, Mrs. S. Lowe. He survived his wife only by a few months, and our sympathy is extended to Mrs. Lowe and her family in this second great loss.

### HAD DELICIOUS PARTY

A delightful garden party and reception was held at the home of Capt. and Mrs. Roberts, in honor of the Bishop of Athabasca, and Miss Brook Anderson, who is visiting this country from England for the summer months.

### CONFIRMATION SERVICE HELD

The Bishop of Athabasca, who is visiting this country, held a beautiful ceremony of Confirmation at St. Andrew's church on Sunday morning. The service was held in the church, and was attended by a large number of people.

### VETS PUTTING ON DANCE

The Vets are putting on a dance at the V. A. Hall, Friday, August 23. The lunch will be in the hands of the ladies of the Community Club.

The barn dance at the Bradley Bros. home was a great success, everyone reported a good time.

The W. A. met at the home of Mrs. N. Anderson today, good attendance is reported.

### DEPRESSION MUST BE LIFTING

Judging by the new barns and houses that are being built in this district, the depression must be lifting before the elections.

### LYMBURN NEWS

(Received by Friday's Mail)

LYMBURN, W. A. PROUD OF PRIZES WON

LYMBURN, Aug. 19.—Several members of the Lymburn W. A. attended the first annual Lymburn picnic on Friday, August 19. It was the first time the Lymburn members had attended a picnic since the convention and they enjoyed it very much. They were quite proud to receive the prizes for the best picnic, best lunch, and best entertainment.

Mr. and Mrs. P. O. Phillips had a very successful picnic on Friday, August 19. They were quite proud to receive the prizes for the best picnic, best lunch, and best entertainment.

## New Radios Featuring Many Refinements; Operation Cost Lower; Quality Much Better

"FARMER"

Ten years of broadcasting to his  
"kiddies and pals" have given Farmer  
thousands of close friends—including  
grown-ups! To the children he is an  
exciting Santa Claus, who calls their  
names once a year when birthday  
come around—who gives cheering en-  
tertainment to little "pals" in the  
hospital—who has talented children  
broadcasting over his program—who  
remains the "Farmer" to hundreds of  
listeners growing too old for partici-  
pation in his daily hour!

### Radio Club To Be Formed Here On Night of Aug. 26

A meeting will be held in the council  
chamber of the Town Hall, Grande  
Prairie, on Monday, August 26, for  
the purpose of forming a radio club.  
Necessity for such a club has long  
been felt, and the primary objective  
is to eliminate local radio inter-  
ference, which can only be accomplished  
by and through cooperation of radio  
users and dealers.

All interested are invited to attend.

### "THESAURUS" BROADCASTS BRING SUPER-PROGRAMS

EDMONTON, Aug. 20.—Known as  
the N.B.C. "Thesaurus," the first ship-  
ment of a special service from the  
National Broadcasting Company ar-  
rived in Edmonton last week. CICA  
will broadcast daily super-programs  
commencing September 1—and there's  
a real treat in store for northern  
Alberta listeners! Modern melodies,  
opera, concert, comedy, drama, and  
well-known vocalists are all produced  
by famous N.B.C. artists.

"Thesaurus" programs will com-  
prise a large part of the Taylor &  
Pearson Broadcasting Company's fall  
presentations, so watch for them—  
they are a big step upward in the  
world of broadcasting!

Canada continues to be the chief  
source of supply of tomato ketchup  
and sauce to the United Kingdom,  
increasing her shipments in the 1935  
period to 10,857 cases from 80,706 in  
1934. The tomato soup trade also is  
entirely in Canadian hands.

School Supplies

### Dealers In The Grande Prairie District Say It Is a Pleasure To Demonstrate New Models

From a modest beginning, not a  
score of years ago, when KDKA of  
Pittsburgh, the pioneer broadcasting  
station of the world, went "on the  
air," when Dr. Lee De Forest invented the  
vacuum tube to take the place of the  
coherer and crystal set, which at that  
time was looked on as nothing short  
of a prodigy of the age, drawing from  
the air words and music, the evolution  
of radio receiving sets has formed a  
history of progress rivaling that of  
the automobile and equaled by no  
other in the field of science.

Today superb cabinets of imported  
and domestic design, designed by  
skilled craftsmen to match interior  
decorating schemes of all homes, en-  
close the latest word in scientific ac-  
complishment for the reception and  
reproduction of the output of the  
broadcasting stations of the world.

The quality of tone and the world-  
reputation now at one's command both  
thrill and delight the listener. Truly  
the air is "filled with sweet sounds"—  
music from all over the world.

If you would hear the chiming of Big  
Ben, ringing out, not only above Lon-  
don's fog but over all the world—if  
you would join in the gaiety of gay  
Paris, or sway to the rhythm of a  
fascinating tango coming over the air  
from sunny Spain, or a program from  
the Argentine, join the happy millions  
of radio owners, crisscrossing through  
the air and over the world by the simple  
and efficient means of a radio. Hun-  
dreds of daily routines on the broad-  
casts and ever within touch of the  
tuning dial, yet ever fresh with  
new slant on life.

Radio dealers in the Grande Prairie  
district, aware of the indispensable  
need of this method of communication  
with the outside world, are featuring  
the parade of new radios in a com-  
plete range of sizes and prices. These  
radios, resulting from the keenly  
felt by the progressive people of this  
great north country in keeping posted  
on world events and the company a  
radio brings into the home, providing  
daily news bulletins of world and  
local events, dance music for the  
lighter (or should we say darker!)  
moments of the day, and concert  
music and operas by world-famous  
artists on the great chain hook-up.  
What a field of pleasure, of knowledge.

### LATEST NEWS FLASHES

#### EAST SWELTERS IN HEAT WAVE

TORONTO, Aug. 21.—Sweating in  
the most devastating heat waves of  
the summer, eastern Canada prepared  
for another day of signaling as me-  
teorological officials offered an un-  
derstandable hope of respite from the eleven-  
day release that has caused heavy crop  
damage and increased the menace of  
forest fires. Temperatures range  
from 85 in Ontario to the 100 mark  
farther east.

#### HAIL HITS NEAR SASKATOON

SASKATOON, Aug. 21.—A terrific  
hail storm, averaging six inches in  
depth, hit the city of Saskatoon  
immediately north of the city. The  
hail, damaged standing crops in a  
strip a mile and a half wide and from  
15 to 16 miles long. Damage to wheat  
will approximate 50 per cent and that  
to oats 60 to a 100 per cent.

### Quarter of Million Dollars Repairs Needed on N. A. R.

EDMONTON, Aug. 20.—The crash,  
one blow which flood waters dealt to  
the lines of the Northern Alberta  
Railway last month will necessitate  
repairs conservatively estimated at  
\$250,000. It was announced in official  
quarters Tuesday morning.

#### BODIES OF ROGERS AND POST ARRIVE AT LOS ANGELES

LOS ANGELES, Aug. 20.—Will  
Rogers and Wiley Post came back to  
Los Angeles Monday night at the end  
of the tough journey which Rogers  
in his abandoned way had said would  
probably be to "Just somewhere."  
The big transport airplane which  
brought the bodies of the two  
hundred and his aviator companion  
in death from Seattle skinned down  
to a gentle landing on the harbor  
field just as day was done.

### Tribune Planning To Have Local Radio Column

For the coming fall and  
winter months The Tribune  
is planning a radio column of  
five radio news local, na-  
tional and international.  
Locally, people in the  
district are forming a radio club  
and The Tribune hopes to be  
able to give news from them  
work and help in clearing up  
any interference with good  
reception that may de-  
velop.  
National and international  
The Tribune is in a  
renewed interest with broadcasting  
stations and expects to be  
able to give news from them  
of interest to its subscribers  
where they are far.

### The Year's Most Amazing Value

RCA VICTOR scores again with the  
finest four and mantle radios ever  
built for the money. Economical

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

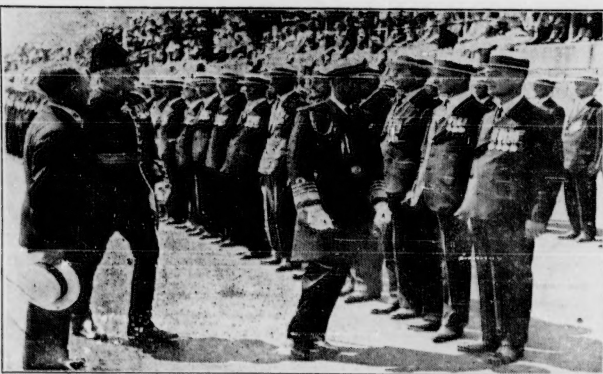

ANNUAL LIFEBOAT RACE POPULAR WITH MONTREALERS

A large crowd of Montrealers flocked down to the docks to witness the annual lifeboat race between the various crews of the Duxbury of Bedford. The main picture shows the finish of the race with the deck boys' lifeboat crew hoisting the engineers by a length to win the silver trophy donated by Captain G. R. Parry, commander of the liner. The top picture shows the members of the victorious crew with their infectious smiles of victory.

LOOK OUT, LONDON! HERE COME THE RAIDERS

This interesting photograph was taken above the clouds at an altitude of 15,000 feet during the air "war" over London. These planes formed part of the attacking "Southern" force which put on a rummy air war over the British capital, which was defended by the "Northern" force. Somewhere below the clouds is Epping, Essex.

ROYALTY'S FIRST VISIT TO CHANNEL ISLANDS SINCE 1921

This picture was taken when the Prince of Wales made a two-day visit to the Channel Islands, and here is shown His Royal Highness inspecting ex-servicemen on the quay at St. Helier, Jersey. This was the first visit of British royalty to the Channel Islands since the King and Queen were there in 1921.

## No Tropical Vales In Liard District Says Camsell

EDMONTON, Aug. 19.—Blasting rumors of the existence of tropical valleys in the Liard River country, Dr. Camsell, Deputy Minister of the Federal Department of Mines, arrived in Edmonton Saturday. His aerial tour commenced at Prince Rupert, B.C., and ended at Edmonton Saturday and was under taken for the purpose of inspecting the work of several geological parties working in Cassiar, B.C., the North Arm of Great Slave Lake, and Beaverhodge on Lake Athabasca.

TRIBUNE WANT ADS BRING RESULTS

BOMBERS TO PLAGUE ETHIOPIA

Rome reports that 300 tri-motored bombing planes, with a speed of 200 miles an hour and a flying range of 2,000 miles are ready to leave Italy for East Africa. The map shows the country they would travel and the lower picture shows one of the early arrivals in Italian Somaliland.

## Direct Assistance For Hailed-Out Alta. Farmers

CALGARY, Aug. 19.—Direct assistance to Alberta farmers hailed out this year would be rendered by banks through an agreement with the provincial government being concluded this week, Hon. George Hawley, Minister of Trade and Industry, announced here today.

Mr. Hawley said the government had agreed to implement recommendations made last week by representatives of eight municipalities adjacent to Calgary who met to discuss ways and means of solving Alberta's hailed-out areas problem. The plan would apply for the whole province, he said. Advances would be made direct to the individual farmer rather than through municipalities, stated the minister, and would be based upon evidence secured through an examination which had already been conducted by the Department of Municipal Affairs working with the Hall Board. Farmers would give their own security.

EDMONTON, Aug. 17.—Dr. Charles Camsell, Deputy Minister of Mines, Ottawa, arrived here today from a 14,000-mile survey flight of the Far North, including the little known Liard River district. His mineral survey included the Yellow Knife gold fields, the rich silver and radium ore and fields of Great Bear Lake, and in the gold area of Cassiar, northern British Columbia, he visited survey parties sent out under the mineral exploration scheme of the federal government.

LONDON, Aug. 17.—Bitter disappointment will be created among Canadian timber interests by the decision just reached by Walter Runciman, president of the Board of Trade, that he cannot intervene in the timber dispute. Russians have cut prices of stocks of timber which they could not otherwise sell. Prices in some cases are down by 20 per cent. Strong protests repeatedly have been made by Canada. It was pointed out that the cuts constituted unfair trading as defined in the Ottawa agreements.

EDMONTON, N.B., Aug. 19.—Five children of Mr. and Mrs. Victor Monseu were burned to death early Monday in a farm house at Monseu, a small settlement, nine miles from here. Five other occupants escaped. The dead, from left, were: Van A. Ferdinand 9, and Ewen 10, and two girls—Cecile 7, and Fernande 9. They were trapped on the upper floor. A defective chimney was blamed for the tragedy.

"FREE MAN" IN JAIL

Even though he is a free man, Arthur Jorgensen, above, of Cleveland, must go back to the this penitentiary to await a pardon from Governor Davey. Jorgensen has served seven months in prison for a crime he claims he did not commit. Another man confessed to the robbery for which Jorgensen was given sentence, but a legal technicality has sent Arthur back to prison to await clemency.

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

## SUMMER DIARRHOEA

A sudden increase in the number of stools, especially if they are loose and watery, is a sign of Diarrhoea. Diarrhoea in children may occur at any season of the year, but it is much more common in warm weather. An attack of diarrhoea often marks the onset of some acute disease, such as a cold, pneumonia or whooping cough. It may be the result of a digestive upset, due to improper feeding, or to an infection of the bowels from contaminated milk.

Diarrhoea in a baby is always serious. Whenever the stools become watery, or when other mucus or blood appears in the stool, stop all feeding and send for the doctor. While awaiting his arrival the child should be given cool, boiled, unsweetened water.

The rapid loss of body fluids which accompanies a severe diarrhoea, particularly if the condition is associated with vomiting, may cause anæsthesia. It is, therefore, important to maintain the body fluids and that is one reason why the child is given water, in reasonable amounts every hour.

The summer is no longer the menace it used to be for the young child. However, when it is realized that each year over three thousand young Canadian lives are brought to an end as a result of diarrhoea, it will be appreciated how serious the situation still is.

Because diarrhoea is always serious, a child should be secured promptly. Too often a life is lost because the mother thought the diarrhoea was the result of teething, or else that a dose of castor oil would clear the condition up.

Comparatively few breast-fed babies are troubled with summer diarrhoea. The baby on artificial feedings and all young children are particularly susceptible to the ill effects of impure milk. Pasteurized milk should be used, and if it cannot be obtained, then the milk should be boiled.

No matter how pure the milk may be when brought into the house, it will not remain so unless it is covered to keep out flies, insects and dust, and if it is not put on the ice to prevent bacteria and disease germs from growing in it. Milk is a food, and when it is warm it provides a very satisfactory feeding-place for some germs.

The occurrence of diarrhoea means, at least, that the feeding need to be changed or regulated, or that the child is developing some infection, such as bronchitis, or measles, which upsets the stomach, or that the bowel is itself infected by germs, usually from contaminated milk. In all cases, diarrhoea is to be regarded as a serious condition.

## POLIOMYELITIS

"In the morning I was discovered to be affected with the fever," he told me three days. On the fourth, they went to bathe me as usual, they discovered that I had lost the power of my right leg." So wrote Sir Walter Scott in describing how he was attacked by poliomyelitis, or infantile paralysis.

Poliomyelitis is a communicable disease, belonging to that group of diseases caused by a virus. This virus is spread from the sick to the well, and from those carriers who harbor the virus although apparently perfectly healthy. The disease is made via the secretions of the nose and mouth, in which secretions the virus leaves the body of the sick person or the carrier.

It does appear that the virus is widespread and that the vast majority of persons receiving it into their bodies do not develop the disease; they do, however, develop an immunity or resistance to the disease because of their experience. Unfortunately this does not always happen, and in some persons the virus, for reasons which we do not know, is able to cause the disease, poliomyelitis, or infantile paralysis. Even when disease actually occurs many escape the paralysis which is the typical symptom in the public mind. The virus of poliomyelitis invades the spinal cord, and the paralysis which results is due to the destruction

OVER THE TOP TO A NEW RECORD

This photograph shows Keith Brown, of Yale University, who won the pole vault in the Oxford-Cambridge versus Harvard-Yale series in London, going over the top to clear 14 feet and set up a new British record.

Receiving first aid

## FIREMEN INJURED AT FIRE TEST

A demonstration of new equipment at the Michigan Firemen's Association convention at Detroit was turned into a near-calamity when a demonstrator threw a lighted match into a pan of gasoline, which was supposed to release a metal container of carbon dioxide. Thirty-two persons, most of whom were visiting chiefs from Michigan cities, were injured. Above is one of the firemen receiving first aid at Recovery Hospital.

MAN'S INHUMANITY TO MAN

—White, in the Tampa Tribune.

of nerve cells in the cord which control the action of muscles. The cells are destroyed never grow again; damaged ones may recover.

Why this disease should usually show itself during July, and if an epidemic does occur, reach its peak towards the end of August, we do not know. It is not a disease of the temperate zone, the lands of changeable climates.

There is hope that soon we shall have some means for the specific prevention of this disease. In the meantime, parents and others responsible for children are advised that, as occasional cases occur even when there is no epidemic, to consult their doctor if their child becomes feverish, drowsy or irritable, if he suffers from vomiting, or pains in the head, back or extremities. To put it more simply, a child who is out of sorts should have the benefit of medical advice. Early diagnosis means early treatment, which offers most for the child.

Questions concerning health, addressed to the Canadian Medical Association, 124 College St., Toronto, will be answered personally by letter.

There were 10,694 cattle and 3,355 calves exported to the United States from Canada during the month of June, 1935, as compared with 552 cattle and 33 calves during June, 1934, according to the official figures issued by the Dominion Bureau of Statistics. The total exports for the month of May, 1935, were higher, namely 15,320 cattle and 1,427 calves. For the first six months of 1935 the total cattle exports from Canada to the United States amounted to 10,555 cattle and 6,560 calves, as compared with 2,410 cattle and 80 calves for the corresponding six months of 1934. There were only 54 cattle exported from Canada to Great Britain during June, 1935, as against 5,003 head in June, 1934. During the month of May, 1935, no Canadian cattle were exported to Great Britain.

## Gleanings of Interest To the Women Folks

By THE GLEANER

Miss Madeleine of Hinton Trail, who is a student nurse at the University Hospital, Edmonton, is spending her holidays with friends at Denbigh.

Miss Ann Walker of Hinton Trail, student at the Grande Prairie High school, who sat for the exams at Beaver Lake, was successful in all subjects.

Mrs. C. C. Pavett left on Tuesday's train for a holiday in southern Saskatchewan, where she intends to visit relatives and friends around Regina. She expects to return home about the middle of October.

### W. A. MEETING SEPT 4

The September meeting of Anglican Women's Auxiliary will take place on Wednesday afternoon, September 4, at home of Mrs. Barley.

### COLLEGE PRINCIPAL VISITING FORMER PUPILS

Miss Newby, the principal of Saint Christopher's College, Blackheath, London, England, has recently been visiting Miss Monica Storr at Port Saint John. Miss Newby is at present on a tour of Canada, visiting former pupils of Saint Christopher's.

### DOING INSPECTION WORK FOR C. & C. SOCIETY

Miss Brooke Anderson, ladies secretary of the Colonial and Continental Church Society of London, England, has been the guest of Rev. and Mrs. J. J. Pierce at Christ Church rectory, Grande Prairie. Miss Anderson is travelling through the north and west of Canada on an inspection of the work being done by the society.

## Wedding Bells

FOWLER-BROMLEY

A quiet wedding was solemnized this afternoon, at 4:30, at Gage, when Helen Elizabeth, eldest daughter of Mr. and Mrs. E. W. Bromley of Gage, became the bride of Mr. W. T. Melvin Fowler, youngest son of Mr. and Mrs. Wm. Fowler, Beaver Lodge. Rev. L. A. Thompson of Fairview officiated.

The bride wore a beautiful white silk gown with tight old-fashioned waist and very high neck line, which was worn by her mother at her wedding 25 years ago. She wore a large white picture hat and carried butterfly roses.

The house was very tastefully decorated with sweet peas, Iceland poppies, baby's breath and cosmos. Following the ceremony Miss Vera Guthrie sang "Dawnings" which was followed by a reception.

Later the couple left for a motor trip.

## Dance

to be held in the ELKS HALL Grande Prairie

### Friday, Aug. 30

SPECIAL ORCHESTRA

Admission: 50c per couple extra lady, 25c

Dance to be held under the auspices of Grande Prairie Tennis Club.

EVERYBODY WELCOME

With a third of the people who were at Buffalo Lakes sports ground on Saturday evening, August 10, for their kind sympathy and the ladies of the Anglican Church Mission.

JENNIE E. MCKEEMAN

### BEAR LAKE NEWS

#### NATURE NOTES

The minnows in the limpid stream flow like silver streaks, whilst torpid anglers sit and dream for weeks and weeks and weeks. The energetic passer-by may deem it unexciting when fishes with a wary eye, and minnows do the biting.

But that's no use what of it. Our Fridays have been fishless, though Billy and Myron have "spoon hooks," or what's it they're called, and lots of line and patience, yet neither Hermit nor Bear Lake will yield up any suckers or pike. But our other days are not useless, though some of the boys own a thoroughly good catapult and know where the ducks duck. (Don't tell the Andersons about this, or they'll get us.)

We're getting so ravenous for meat that there's a regular "free-for-all" fight for the bit of fat in a can of beans, and you should hear the deafening cheers when I stole out a sardine each on Friday. The second of those two dreadfully cold days Olive Wishart kept the boys from breaking the elements, set forth to find success for her suffering sisters. She walked to the Andersons and back, and shortly afterwards out came the boys and rescued the three dummies—Olive, Kirby Smith and Nelly Barnett.

Then Mr. H. Newton took the Smiths and Nelsons back to the joys of civilization, and a heater. Early next morning "Foxy" Wright came for his two young brothers. The Adams and Mac Adams had survived the floods, but had to resort to house-brooding. Mr. W. H. and Art Hedley-Johnson and Jack Conrad came out on Friday night.

As two sealions have landed here within the last week, we are not dying of cold!

The McNeils of Peace River have packed their goods and suitcases and are about to spend the rest of their holidays in Grande Prairie and Sessenth, visiting friends.

Mrs. Ike Nelson and boys and Jean Smith returned to the lake on Sunday morning. Miss Florence Oliver will be Jean's guest for a few days.

Take back all I said about the boys—they caught two fish on the Sabbath!

### SPLENDID RASPBERRIES THIS YEAR IN DISTRICT

As fine a sample of raspberries as one could wish to see has been grown in the Grande Prairie district this season.

On Wednesday, Charlie Nelson brought in a quantity of raspberries to Grande Prairie, grown in his own garden, which would compare favourably with the best shipped from the outside.

Not only are the berries large and firm but they are of excellent flavor. Local raspberries also have done well.

The exceptional crop of these berries has been largely due to the regular rains which fell at the right time during the season.

### OPENING DANCE AT CIRCLEBANK

The opening dance of Circlebank Community League's new hall, on the west Hythe school, will be held Monday, August 20. Admission 25 cents; ladies with basket free.

### CARD OF THANKS

I wish to thank all the people who were at Buffalo Lakes sports ground on Saturday evening, August 10, for their kind sympathy and the ladies of the Anglican Church Mission.

JENNIE E. MCKEEMAN

## At the Churches

### REMEMBER THE SABBATH DAY TO KEEP IT HOLY

Sunday, August 25

10 a.m.—Nineteenth Anniversary. Preacher: The Rev. Prof. Superintendent of the Mission.

Remembrance of the Early Days. Basket lunch at noon.

8:15 p.m.—Benson Hall, Dr. Powell

#### CHRISTIAN SCIENCE

At all Christian Science churches next Sunday the subject of the Lesson-Sermon will be "Mind".

The following are the scriptural quotations contained in the Lesson-Sermon: "I beseech you therefore, leave by the mercy of God, which ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect will of God" (Romans 12: 1, 2).

Of the correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, as follows (page): "The necessity for uplifting the race is father to the fact that Mind can do it; for Mind can impart purity instead of impurity, strength instead of weakness, and health instead of disease. Truth is an alternative in the entire system, and can make it every whit whole."

What One Girl Wore: By Betty Brownlee

Organic has been enjoying a vogue this season unparalleled in its history. Certainly for evening wear there is no fabric so definitely cool, crisp and youthful and for day-time wear it is one of the most material for summer wear.

The organics used this season takes on many new features. The painted muslins, for instance, are fine and dainty. They poke dots and delicate little designs applied to the organics with the brush enhance the beauty of daytime and evening frocks.

Painted organics used a great deal for trimming frocks of other fabrics. Used in flower clusters for the bodices of frocks and blouses, it provides a delicate touch and it is also the perfect material for little buttonholes, collars, cuffs and other details.

Another variation of organics which is proving popular is the embroidered type. Paris sponsored a fine and delicate type of aylet embroidered organics called "Boudoirs" which well dressed American women are finding to be an exquisite material for daytime and evening frocks.

Today we illustrate a charming evening dress of organics which is ideal for summer evenings on roof garden or at the country club. It is especially youthful with embroidered lace and edged skirts. Blue lace trims the edges of the pleats worn on the sleeves and a delicate lace appears down the front of the bodice. A cluster of red cherries at the front of the Peter Pan collar accents the youthful notes.

## Paragraphs of Personal Interest

Mr. Watson brought in the film for the Capitol Theatre.

Mr. R. Hart of Hinton was a business visitor to Grande Prairie on Wednesday.

A charming evening gown for late summer evenings is of white or light blue organics with delicate lace trims the edges of the pleats worn on the sleeves and a delicate lace appears down the front of the bodice. A cluster of red cherries at the front of the Peter Pan collar accents the youthful notes.

was a business visitor in Grande Prairie last Monday.

R. H. Benson of Edmonton arrived this week in Grande Prairie, where he has accepted a post with Oliver Lake.

Recalled home on account of his wife's illness, Judge McRoberts arrived by plane from Edmonton on Saturday.

Miss Marjorie Guthrie returned on Saturday from a two-weeks holiday spent in the west with her sister, Miss Vera Guthrie, of Fairview.

Mr. McKay of the Royal Bank, Edmonton, arrived on Tuesday by train to relieve Mr. Hunter, who leaves on Friday on sick leave.

P. V. Croken returned on Tuesday from a month's motor trip to the coast, where he spent his holidays visiting cities there.

Bill Haynes left recently for Kingston, Ontario, where he will be a guest at the Kingston Military College for the coming term.

Pick and Cecil Lewis have left on a motor trip for Edmonton, Jasper and Banff. They expect to be back in two weeks to resume their orchestra work.

Paul Masse, Jr. of Slave Lake, spent two days in Grande Prairie this week while visiting with his parents, Mr. and Mrs. Paul Masse of Peace Coulee.

The following from Sturgeon Lake were among the visitors in Grande Prairie on Monday and Tuesday: Alex W. Lamont, Theodore Walters, and H. Clough and Hille son.

Mr. and Mrs. Taylor and little daughter, from Edmonton, are visiting the former's father, Mr. A. Taylor. They will remain in Grande Prairie for two weeks.

Mrs. C. H. Hertz and party, who have been visiting Mrs. Hertz's brother, Mr. Hertz, in the past month, left for their home

### At the 19th Hole

The weather over the week-end was the best so far this year. Not a breath of wind and Old Sol was out in all his glory. Golfers had no alibies on Sunday if they did not make a good score.

Several games were played in the Dunlop Handicap Tournament, but not so many as the committee expected. No doubt this event will have to be completed after the Open Tournament is wound up.

On Sunday quite a number played their qualifying round for the Open, and a few cards under the century mark were turned in.

The two best cards to date were turned in by Ed Culver and Geo. Duncan in a match played with Clay Butcher and A. R. McMillan, the latter paired with Duncan. The cards:

Culver: 5 5 3 4 4 5 7 4 5 - 42  
5 5 3 4 4 5 5 5 - 42  
Duncan: 5 4 5 5 5 5 5 5 - 43  
5 4 5 5 5 5 4 4 - 45

Taking Butcher's par 4 on hole six, the best ball for the match made a 38. Butcher and McMillan both went over the 100 mark, taking 101 and 105, respectively.

Larry Cobb played his qualifying round with Jim Evans. Larry went the first nine in 37 and had a 42, but took a 40 for his second attempt, getting a 91. His partner went over the century mark, something unusual for Jim Evans.

A strong aggregation is expected from the town of Peace River and by all accounts the golfers from north of the river will put up a battle to take the cup back with them. Two or three of their members are playing the Peace River course in par figures.

Pro. Stevenson will have the course to the best condition possible. Pairings will be given another going over with the mowers, and the greens will be reseeded with finer sand and all small pebbles removed, which should make putting easier.

A question arose how far a man walks in a round of golf. G. W. Simpson had the answer; his pedometer registered eight and a half miles. "A Y" must have had a terrible time in the rough on that round or else the pedometer in his pocket was started ticking off his steps at about two to one.

A dance will be held in the club house to wind up the Open Tournament on Monday, August 26. All coffee is requested to bring a friend. Benson's orchestra will furnish the music.

### YOUTH DISCOVER THAT THINGS ARE NOT ALWAYS WHAT THEY SEEM TO BE

That things are not always as they seem was the experience of three youth camping at Bear Lake.

On Tuesday night, about 10:30, the boys decided to go for a boat ride. The moon had not yet appeared and subjects were very indistinct. As they moved along the bank suddenly crashed into something which appeared to be the excited youths to have a bald head shouted one of the trio, "It's a monster!"

"It's a monster!" "Let's get out of here and quick!" advised the other member of the party.

It was a case of all hands to the oars and the boys, pulling as though pursued by some demon, were soon back on shore, where they told of the terrible monster they had clashed with out in the lake.

The spot where the monster was seen was marked by some smaller boys, who set sail early in the morning to investigate. When they finally arrived at the spot they discovered that the monster was nothing more than a log.

It is said that the three who imagined that the trunk of the tree from other countries were being kept under cover until the joke on them blows over.

**Foreign Scouts Danish Home Guests**  
A Danish National Scout Jamoree July 27 to August 9 celebrated the anniversary of Det Danske Rødt Korps, the Danish Scout Association.

The camp was held on the site of the World Scout Jamoree of 1924. During the second week of the camp Scouts from other countries were guests in the homes of Copenhagen.

**BORN**  
To Mr. and Mrs. Dorscheld, of Glen Leslie, August 18, a boy.

### HUALLEN NEWS

**FIVE INCHES OF SNOW**  
HUALLEN, Aug. 20.—Last week this district was visited by a heavy rainfall, which later turned to snow.

In parts of the district the snow lay to a depth of five inches, which flattened many fields of grain. A heavy snow on Thursday night, when from two to nine degrees below freezing point was registered, blackened pasture and other tender garden stuff.

Former fear grain crops, especially oats, have been injured, although to what degree has not yet been ascertained.

**B. C. GOING C. C. F.**  
Messrs. Johnson and Ted Thompson and W. Smith returned last week from Vancouver, B.C., where they had been employed for the past year. They state employment in British Columbia is at a low ebb and that politically B. C. is going strong C. C. F.

**FAST PORK, EH WHAT!**  
Sherk Bros. shipped a load of pigs on last Saturday's stock train that averaged nearly one hundred pounds per hog. Their age was five months and three days.

Mr. and Mrs. F. A. Barnard of Grand Forks, N.D., after spending a brief holiday at the home of the former's brother, returned on last week's train to their home.

Visiting at the home of Mr. and Mrs. Boyd last Saturday were Mr. and Mrs. Earl Boyd, Miss Elinor, and Mr. Ray Proctor, all of Peace River town.

**BEFORE THIS APPEARS IN PRINT ONE OF THE hottest election campaigns ever held in this constituency will be all over.**

### SCHOOL REOPENS SEPT. 4

Lower Beaver school will re-open September 4, with the newly appointed teacher, Miss Florence Hoppe, in charge.

Mr. and Mrs. John Dewar and family of Applin spent Sunday afternoon at Mackinaw's.

**DANCE AT ASPEN RIDGE**  
There will be a dance at the Aspen Ridge schoolhouse, Friday evening, August 25. The usual good time is promised and everybody is welcome.

Mr. and Mrs. J. O. Stegmiller and family visited at the home of Mr. and Mrs. Art Lange of Aspen Ridge last Sunday.

Mr. and Mrs. Hans Lange have returned to Edmonton after spending a month's vacation here.

Mr. and Mrs. W. J. McLean, Messrs. Carl Hopper, and Jim Thompson visited at the home of Mr. and Mrs. Frank Dombrowsky last Sunday afternoon.

**LIBERALS GIVEN GOOD HEARING**  
Monday evening, August 19, Dr. L. O'Brien, Grand Warden of the Liberal candidate, addressed a meeting in the community. Both speakers got a good hearing and, according to Mr. Thompson, all our troubles will be over if we return a "reincarnated" Liberal party to power. He styled himself one of the young Liberals, which, we presume means he does not wish to have the sins of the Old Liberals to stone for. Dr. O'Brien confined his remarks to an attack on Social Credit and the sentiments he expressed in general found favor with his audience.

**FLYING SHOT ITEMS**  
**BALL TOURNAMENT HELD**  
FLYING SHOT, Aug. 21.—The ball tournament was held at Dimadale last Sunday and there was a good turnout to cheer the various teams. Flying shot team beat Highland and Dimadale 10-3. Dimadale had surely taken the lead of their shoot and reported it to Flying Shot. Anyway, they were all good games and keenly enjoyed. Mr. Havelson was umpire for the different games.

Mr. and Mrs. Joe Thompson and family were visitors to Flying Shot last Sunday and took in the ball game at Dimadale.

**COMMENCED CUTTING WHEAT**  
Gerard Tinsington commenced cutting wheat on Wednesday.

Sunday is the fourth Sunday of the month, therefore Church services by the Rev. C. E. Fisher.

The Anglican hall of the Sunday School Caravan were district visitors on Monday and Tuesday. We were all glad to see them. Little books and pictures were left for the children, which the children enjoy.

**SCHOOL BEGINS SEPT. 3**  
School commenced on September 3 in this district. Only one week and a half, kiddies.

Miss Benson is also making her annual round of this district.

We are glad to hear Herb George is improving, also Mary Ross.

The frost of last week did quite a bit of damage in various fields and gardens, in some more severe than others.
